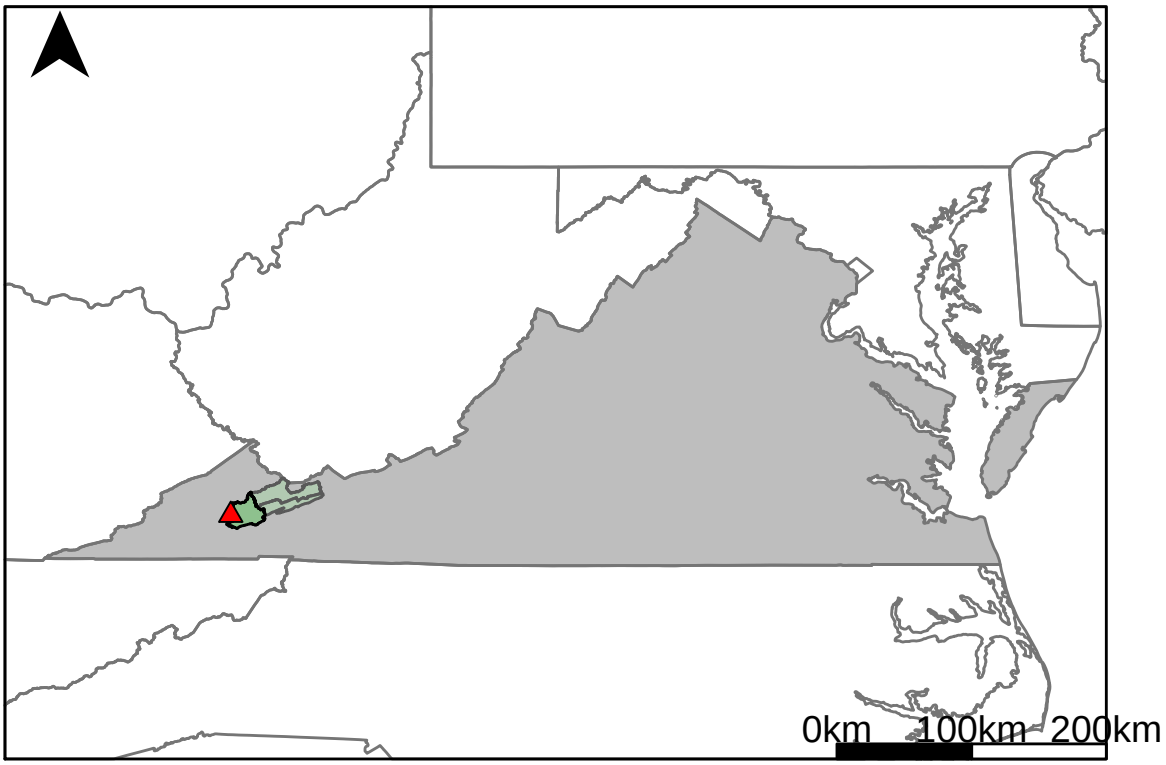
# Appendix I: Tennessee River Gages
# Appendix I.1: USGS Gage 03524000 vs. TU4_8680_8810



This river segment follows part of the flow of the Clinch River, a tributary of the Tennessee River. The gage is located in Russell County, VA (Lat 3656'41", Long 8209'18") approximately 24 miles north of Bristol, VA. Drainage area is 533 sq. miles. This gage started taking data in 1920 and is still taking data. There are no known anthropogenic alterations in this area that would affect the flow conditions. The average daily discharge error between the model and gage data for the 20 year timespan was -0.28%, with 39.2% of its rolling three month time spans above 20% error.
