

# 02045500 vs. MN3\_7930\_8010

*Daniel Hildebrand, Hailey Alsbaugh, and Kelsey Reitz*

*July 11, 2018*

This river segment follows part of the flow of the Nottoway River, a tributary of the Meherrin River. The gage is located in Sussex County, VA (Lat 3654'00", Long 7724'00") approximately 16 miles northeast of Emporia, VA. Drainage area is 577 sq. miles. This gage started taking data in 1930 and it is still taking data. In the summer months there are occasional diversions of unknown amounts that are used to irrigate local farms. The average daily discharge error between the model and gage data for the 20 year timespan was 2.88%, with 39.2% of its rolling three month time spans above 20% error.
